Customizing AAIS forms for your
strategic needs

Let the Stanley Parsons Insurance Services team create customized form solutions for your company's specific needs using the standard forms from AAIS (or elsewhere).

Our services include:

- Filing forms on your behalf and ensuring compliance with any state
- Updating your forms to better protect your company's bottom line
- Creating unique wording that addresses the risks you're writing in your programs

Email us today at info@stanparsons.com to learn more about how we can maximize your member benefits from AAIS.

finys

Technology that fits. Partnerships that last.

At Finys (pronounced finesse), we work with insurers who share our commitment to efficiency, innovation, and long-term success. That means we take the time to ensure that the **Finys Suite**—our flexible, modern core processing platform aligns with your needs—and that we're the right partner to help you grow.

The best partnerships go beyond technology—they're built on trust, expertise, and a shared vision. With full support for all AAIS lines of business, we're ready to move your business forward.

Keynote Speaker

Matt Phillips

President & Founder, **Phillips & Co.**

The Breakthrough Thinking Toolbox

Powerful principles and tools to get unstuck and solve critical challenges through creativity and innovation.

Breakthrough leaders think differently. When they get stuck, they turn to a proven set of tools that help them reframe their challenges, imagine bold new ideas, and quickly launch solutions into the real world.

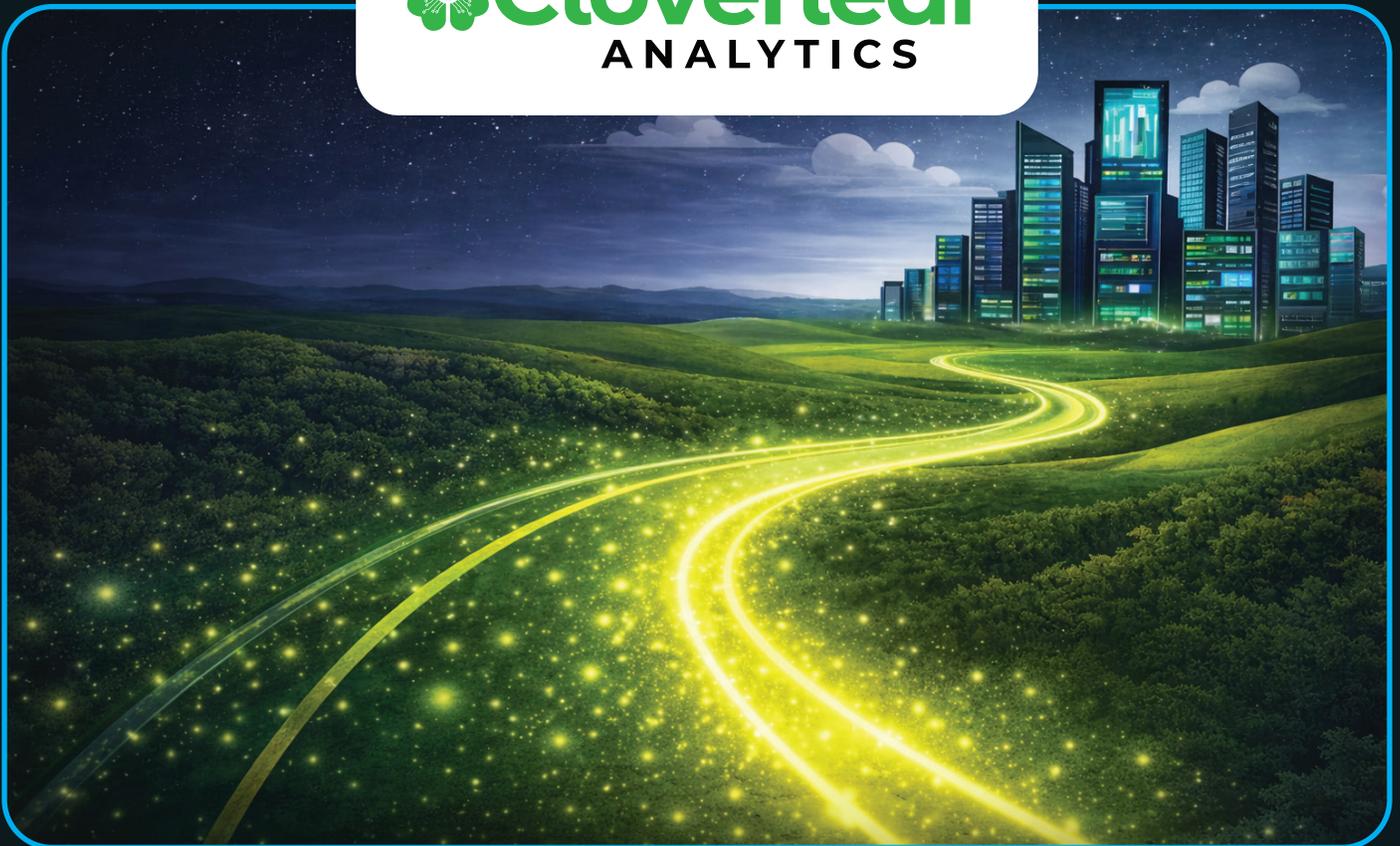

In this high-energy keynote, innovation expert Matt Phillips shares the principles and tools he's used with leading organizations during his 20+ years as a C-suite innovation advisor, as well as the methods of top breakthrough leaders across a range of industries.

He shows that the true power of breakthrough thinking is that it unlocks breakthrough *doing*...the ability to quickly turn disruptive ideas into growth and impact.

The audience will leave with:

- The five principles of Breakthrough Thinking to tackle challenges of any size
- Stories of real-world leaders who faced strategic challenges and how they unlocked breakthrough solutions
- A set of specific tools you and your team can use to move from breakthrough thinking to breakthrough doing
- The confidence to apply the tools of innovation immediately following the program

Simple. Accurate. Customizable.

As part of the AAIS ecosystem, **Pinpoint Predictive** integrates seamlessly into existing P&C workflows.

Our predictive models deliver:

- 90-98% expected match rates
- Turnaround as fast as 24 hours
- Direct deployment into current rating platforms
- Immediate, actionable results

"Pinpoint provided significant predictive advancement in identifying a highly important loss exposure. This enables Ohio Mutual to better identify premium leakage and loss mitigation opportunities in our homeowners book."

Chad Combs, VP of Personal Lines,
Underwriting at Ohio Mutual

"Pinpoint's prediction models have allowed us to reduce down payment requirements for many customers, which has helped increase our premium production...They really made the process simple from project concept to implementation."

Joel Witt, VP Actuarial Services
at Trexis Insurance

AAIS ANTITRUST POLICY:

As members or affiliates of AAIS, a national advisory organization, we need to be mindful of the constraints of the antitrust law. There shall be no discussion of agreements or taking concerted action that may restrain competition, such as price fixing, boycotts, refusals to deal or allocations of markets. Exchange of information between members concerning individual company rates, coverages, market practices, claims, settlement practices, or any other competitive aspect of an individual company's operation is NOT PERMITTED.

Any questions, concerns, or meeting agenda materials that have implication regarding the above stated policy should be brought to the Chief Financial Officer who will operate as the compliance officer for antitrust matters.

STRENGTH IN NUMBERS

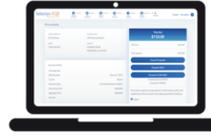

Strength in numbers means a group of people has more influence or effectiveness than one person acting alone. In our case it also means the experience we have working with more than 85 insurers running more than 25 systems.

That's some serious strength.
